ABOUT US

Incorporated in 2015 with manufacturing of high capacity oil-less refrigerant recovery machine, today we have multiple products to make life easier and safer for HVAC/R Engineers. All our products are designed for the best performance, safe operation and ease of maintenance. B P Refcool is committed to serve its customers by providing innovative, user-friendly and safer tools and equipments.

MISSION STATEMENT

Our aspiration is to make great things happen. With our customer focus and research-driven businesses, we help customers, partners and our communities around the world to live a better and safer life. We deliver entrepreneurial success through innovation.

REFRIGERANT RECOVERY MACHINES

REFCOUP 1.0

*One of the fastest refrigerant recovery machine available in INDIA
Designed for high ambient temperature
Suitable for most Refrigerants including R410A*

REFCOUP 2.0

*One of world's fastest oil less recovery machine
Suitable for large capacity chillers and vapour
Heel Extraction from Tonners*

OPTIONAL EXTERNAL CONDENSER

*Large coil and Fan
Suitable for most refrigerants*

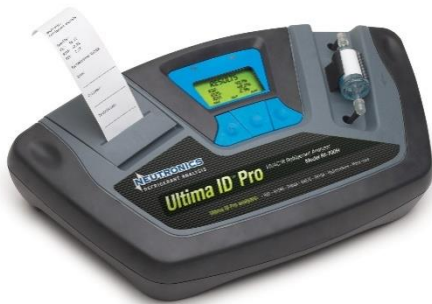

REFRIGERANT RECOVERY CYLINDERS

*First time in India,
Safety ensured by high pressure design, pressure relief valve and optional over fill protection switch
Push pull recovery possible with dual outlet valves.
Sizes 50 kg and 12 kg*

REFRIGERANT IDENTIFIERS

*Mini Identifiers for quick pass fail tests for R134a and R22.
Analyzers for multiple products including R290, R410A, R407C, R32 and R1234yf*

LEAK LOCATOR

*Leak locator with easy flow, large and lasting bubbles.
Easy application with manual pet pump and aerosol CAN
Sizes, 500 ml pet pump, 1 litre refill pack, aerosol CAN*

BLEND VAPOURISER

*No worries of liquid entering compressors
Converts liquid from cylinder to vapour before entering system*

CAN TAP VALVE

*Patent Pending
Multi seals ensures you can retain used gas for long time
Compact design for low wastage*

B P Group

B P Group was established in 1994 with a trading business of tool and alloy steel in Gurgaon. Today group have been amongst leaders in their segments.

B P Group have four enterprises working on Tool and Alloy steel, Bright Bars and Refrigeration Tools and equipment divisions.

B P Steel Corporation

- Among leaders in Alloy steel Trading Business in North India

B P Bright Steel Industries

- Manufacturing of bright bars of alloy steel upto 90mm dia.

B P Tool Steel Pvt Ltd

- Trading of special tool steel

B P Refcool

- Manufacturing and marketing of innovative HVAC/R tools and Equipment
